

Art Plan

Wednesday 17th March

This is Brendan Jamison and he is an artist who was born in Belfast. He likes to make sculptures out of unusual objects. Read through attachment named 'Art Information on Brendan Jamison' to find out more. Can you guess which materials he used for his art work?

Today you are going to become creative artists yourself by using sugar cubes. Below are some ideas to help you...

If you really want your sculpture to be strong, use PVA glue to stick it all together. Make sure though that the glue is not watered down or your fabulous sculpture will begin to dissolve. Have fun! 😊
